Emergency medical care for events, from planning to close

EMTs, paramedics and emergency nurses for events in Madera and California's Central Valley.

Who works at your event

EMTs, paramedics and nurses work side by side, all offering pre-hospital emergency and first aid care, each within the scope of their credential.

Clinician	Scope of care	California credential
EMT	Basic life support: evaluating the ill and injured, oxygen, bleeding control, splinting, spinal motion restriction and automated defibrillation.	Certified through a local EMS agency and recognized statewide.
Paramedic	Advanced life support: ECG monitoring, advanced airway care, IV and IO access and medications, as approved by the local EMS agency.	Licensed, and accredited by the local EMS agency.
Emergency nurse	Assessment, treatment and observation within California nursing practice and the event's medical plan.	Registered nurse licensed in California, with emergency care experience.

How we set up

- Usually a pop-up medical tent with tables, chairs and emergency gear
- At smaller events, two EMTs and a few bags of gear
- Clinicians on foot in the crowd or along a course
- Added staff for a medical team you already run

What we bring

- Fully stocked gear bags
- Philips AEDs
- First aid kits and emergency supplies
- Hospital transport goes through the local EMS system

Events we cover

- School and youth athletics
- Rodeos, fairs and festivals
- Runs, rides and endurance events
- Concerts and live music
- Community and corporate events

How it works

- Send us the date, location and expected attendance
- We review the event and any local requirements
- You receive a written recommendation and quote
- We arrive before your guests and remain for the agreed hours

Service area

Based in Madera, serving Madera, Fresno, Merced, Kings, Tulare and Mariposa counties. For events further away, please ask.

Working with 911

On-site care does not replace 911. Before each event, we agree how 911 will be called and how an ambulance would reach a patient.

Request coverage

Send your event details for a written quote.

maderaems.com/contact

Medical emergency? Call 911. Our website and email are not monitored for emergencies. Madera Event Medical Services is a private company. It is not a government agency or a 911 provider, and it is not affiliated with any county, city or local EMS agency. Services depend on local requirements, and an event is not covered until coverage has been confirmed in writing.
